Alleged Robbers Arrested in Paris

A message was received in this city Wednesday afternoon telling of the robbery of the paymaster of the Patterson-Griffith Construction Company Tuesday night at Butler, a few miles north of Falmouth. The paymaster was relieved of \$385 by a gang of five negroes, three of which were employed by the construction company.

The message came to the local police, who were asked to be on the lookout for the men, who were believed to have proceeded in the direction of Paris after the robbery had been perpetrated. The money taken from the paymaster was not the property of the company, but represented his savings for the past six years.

Upon receipt of the telephone message the local police kept a sharp lookout for the men, of whom they had a very accurate description and Wednesday night about 12 o'clock Patrolman Fred Link took into custody Will Deans and Will Overtree, two negroes suspected of being implicated in the robbery, a short time after they alighted from the fast passenger train from Cincinnati.

Both men were well dressed and carried suit cases. Upon being searched a 45-caliber Colt's revolver was found on Deans, while Overtree carried a 38 Smith & Wesson special. The sum of \$40 in bills was found on Deans and Overtree had about \$70. The men were locked up and yesterday morning Patrolman Link communicated with the superintendent of the construction camp, giving a description of the men and he was instructed to take them to Falmouth, where warrants had been issued for their arrest.

Deans denied any connection with the crime whatever. He said he left Winchester last week in company with Overtree and that Monday the latter left him saying he was going to the construction camp of Caldwell. The next night he said he returned in company with three other negroes whose names were given to the police here together with their description and location in Cincinnati.

He said that the members of the crowd seemed well supplied with money, but they would not tell where they secured it. Deans is from Rocky Mountain, N. C., while Overtree says he came here about a year ago from Atlanta, Ga. The supposition is that the negroes after committing the robbery went to Cincinnati where they purchased the revolvers and the supply of clothing.

Patrolman Link left yesterday afternoon on the 3:30 L. & N. train with the prisoners in charge after communicating with the Pendleton officials and went to Cincinnati last night with the hope of rounding up the other members of the gang who participated in the robbery.

Real Estate Transfers.

The following real estate transfers have been recorded in the office of County Clerk Pearce Paton, in the past few days.

Ballard Peterson, to J. D. Bradley, in Millersburg, \$85.00

J. D. Bradley to Richard Bishop, lot in Millersburg, \$95.00

J. D. Bradley to Mrs. Hattie Snapp, lot in Millersburg, \$375.00.

U. S. G. Pepper to J. O. Kalls, tract of 35 acres, \$1.00 and other considerations.

Richard Bishop to Martha Case, lot in Millersburg, \$100.

A. H. Robinson to Allie Thornton, lot in Paris, \$150.00.

Jennie F. Barnes to Thomas Marvin Ratliff, lot in Paris, \$10.00. and other considerations.

Sunday School Convention a Grand Success.

The annual convention of the Bourbon County Bible School Association of the Christian Church, held at Clintonville yesterday was the most successful in the history of the organization. The local attendance was exceptionally large, only two of the districts of the county being without a representative. Ruddle Mills and Jacktown, and the report from these showed the inconvenient means of reaching the place of holding the convention rendered it impossible.

The Christian Church at Clintonville, in which the exercises were held was decorated for the occasion with a profusion of cut flowers and growing plants. Mr. L. A. Soper, president of the Association, presided over the exercises, and the excellent program was carried out in every particular.

Many of those who attended went on the train and were met in automobiles and other conveyances which were in charge of Mr. Newton Shronshire.

The program opened with devotional exercises and Misses Ethleen and Dolly Smith and Edith and Elizabeth Weathers welcomed with song the visitors which was followed by the address of the President, Mr. W. J. Smith and Elder J. W. Ligon, of North Middletown, made two excellent addresses during the morning session.

At noon a delightful lunch was served and heartily enjoyed by the large number present. The afternoon session was partly devoted to the business of the association. Following the report of the secretaries the nominating committee reported the selection of Mr. N. F. Shropshire as president of the association for the ensuing year. W. O. Hinton, vice president, J. B. Cray, secretary, and J. W. Ligon, superintendent of the Adult Bible Class, North Middletown was selected as the place for holding the convention in 1913.

The Model Worker's Conference, which was led by Mr. Smith was participated in by Miss Anna May, of Mt. Carmel, and Dr. Clay Burroughs, of Millersburg. Rev. E. W. Ellis, and W. O. Hinton delivered addresses during the afternoon session. The meeting closed with the Herbert Memorial Service, which was led by Mr. Smith.

Just to Better Satisfy Our Customers.

We have now added to our already complete equipment the latest invention in a collar finishing machine! On this machine, the operator places a collar over a circular steel band, as shown in the picture above, which fits into a steam heated groove, and by pressing the collar firmly for a few seconds simply moulds it into perfect shape. It is the only machine on the market which spreads the collar so there is ample space for your tie to slip and which gives your linen a 50 per cent. longer life because it eliminates all friction and absolutely does away with cracking and rough edges.

To demonstrate the fact that this machine will not tear or wear your linen, an ordinary collar was subjected to 25,000 consecutive pressings and showed no signs of wear.

We will be delighted to have you call and see the machine in operation, also many other improved devices which we have added in our endeavor to set the Blue Grass standard for quality Laundry Work.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, Ohio.

Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

Element of Decay.

Indirect influence had its nearly perfect work in the Persian empire, where the Queen Mother was permitted to exercise an injurious influence over the king, the court, and the empire. It was one of the tendencies which leads Sayce, the historian, to say, after touching upon it: "In short, the empire contained within it from the first all the elements of decay."

One of the most common ailments that hard working people are afflicted with is lame back. Apply Chamberlain's Liniment twice a day and massage the parts thoroughly at each application, and you will get relief. For sale by all dealers.

As It Is in Life.

No one ever has the choice of the very best. Most things, humanly speaking, are simply the choice of one good thing and one not so good.

A vast amount of ill health is due to impaired indigestion. When the stomach fails to perform its functions properly the whole system becomes deranged. A few doses of Chamberlain's Tablets is all you need. They will strengthen your digestion, invigorate your liver, and regulate your bowels, entirely doing away with that miserable feeling due to faulty digestion. Try it. Many others have been permanently cured—why not you? For sale by all dealers.

And Generally He Wouldn't.

You can't induce a self-made man to believe that his son would ever succeed in getting anywhere without a lot of help.—Pittsburg Post.

"Were all medicines as meritorious as Chamberlain's Colic, Cholera and Diarrhoea Remedy the world would be much better off and the percentage of suffering greatly decreased," writes Lindsay Scott, of Temple, Ind. For sale by all dealers.

Anxious.

A mere man wishes the widow lady with a horse, who is so kind and gentle in single or double harness, would send further particulars.

Hunt for Relatives.

One of the most unique methods of getting a lonely traveler into the hands of her friends was that employed by an agent of the Travelers' Aid society, who found a young woman at one of the railway stations and accompanied her to an address in the Italian quarter of Brooklyn, where she was to join a relative. The relative could not be found, and finally the two women walked slowly along the street, shouting the name of the family which was wanted. The cries at last reached the proper ears, and the wanderer was welcomed.—Christian Herald.

OBSERVATORY HIVE IS NEW

All the Doings of Bees and Queen Can Be Watched—Found Quite Handy and Is Inexpensive.

My observatory hive consists of two circles of inch wood made exactly the same size, and with a three-inch hole cut out of the center of each, writes Walter Chitty in the Gleanings in Bee Culture. At the bottom of one of the circles a bee entrance is made which reaches as far as the center hole. The bees can run

Observatory Hive.

along to the center, and then ascend. Four pieces of wood, about three inches wide, are firmly fastened with screws, as shown, and three grooves are cut in each of these pieces, and corresponding grooves in the two large circles. The center grooves are for foundation, and the other grooves for glass. The foundation could be wired if desired; but if good thick foundation is used I find wiring is not necessary.

The hole at the top may be used for feeding or supering. Special supers could easily be made, another hive of the same sort put on top, or a bell-glass, as fancy dictates. I find this a very useful and handy hive for observation purposes, and the making and material are not at all expensive.

All the doings of the bees and queen can be seen; and to keep them in the dark I merely put corrugated paper around it, and keep the paper in its place with a piece of elastic. In winter time, three or four folds of paper could be used to keep the bees warm. These hives would do well for indoor observation, or in a beehouse.

MANY FAKES WITH BEES

Nonswarming Hives Are Delusion, Pure and Simple—"Shook Swarm" Plan Is Described.

Most of the so-called nonswarming hives are fakes pure and simple. The very last word on the subject is that of the "shook swarm" plan, that enables the beekeeper to swarm each hive artificially at his convenience and not that of the bees. This is the best method in vogue and is really very simple. Dr. D. Everett Lyon explains the process in the Farm and Home: When a hive gives evidence that it is thinking about swarming, as seen in the bees clustering on the outside of the hive and the presence of queen cells started in the brood nest, it is time to shake them.

Take an empty hive with lid and bottom board in place and with the frames of the hive containing strips of foundation wax in place as full combs. Place the empty hive alongside the one about to swarm and then, lifting the brood frames from the old hive, shake off from each frame almost all the bees until all the frames have been so shaken in front of the new hive, being sure to shake the queen along with the bees.

Then set the old hive with its brood nest off some distance and put the new hive with the bees in its place. Be sure to take all the storage chambers from the old hive and place them on the new hive into which the bees have been shaken. The working force is with the new hive and that's where we want the storage chambers, which will be quickly filled, as the bees, having only started strips of wax in the brood combs, must, of necessity, store the honey coming in the next few days in the upper stories until such time as they will get the starters drawn out into full combs.

COVERING ALFALFA IN CORN

Home-Made Device Shown in Illustration Found Quite Convenient in Southeastern Ohio.

Sometimes farmers obtain good results from sowing alfalfa between the rows of standing corn. Where this is done it is often a puzzle to get the seed properly covered. The accompanying illustration is a home-made plank drag, 34 inches wide and

Plank Drag.

22 inches long, that is used for a purpose on a small alfalfa and truck farm in southeastern Ohio, where the Ohio station has experimented in determining practical methods in small farming.

REMINGTON-UMC

AUTOLOADING SHOTGUN

For singles—trap or field—just toss in a shell, press the button and—"PULL." The side bolt makes it easy. You don't have to tug at the barrel or watch an on-and-off device. The action stays open after each single shot is fired—it always stays open when the magazine is empty. Five shots—three to get the cripples—each under absolute control of the trigger finger. The recoil reloads for you—kicks another shell in; takes the strain off the gun—the discomfort out of the kick—all without diminishing the drive behind the shot.

Simple take-down—a few turns of the readily handled magazine screw-cap makes cleaning, carrying and interchange of barrels quick and easy.

Send for a motion picture booklet telling how the kick is used—how a friction device found only on the Remington-UMC Autoloading Shotgun takes the punishment out of heavy loads.

Write to-day.

GOD'S HERBS & ROOTS

Cure Diseases, The

Bible says so, & it

is being proven every

day by

CHARLIE WHITEMOON, the Cow Boy Herbalist

3729-31 W. Broadway, Louisville, Ky.

Deep down in every human heart lies a NATURAL desire for NATURE'S medicines, Roots & Herbs. Too long have the secrets of nature been neglected, too long have people disregarded God's promises. Modern doctors think only of "operations" and strong drugs, while human suffering & deaths from disease increase rapidly every year. Health is natural, disease unnatural. My years of experience as a Cow-boy & among the Indians give me a peculiar fitness & knowledge of the powers of Roots & Herbs as medicines, my remedies have cured & are curing Blood Poison, Lung Trouble, Kidney, Bladder, Liver, Female & Skin diseases, Rheumatism, Dropsy, Catarrh, Nervous & Stomach Troubles that were pronounced incurable by the best doctors. I want to PROVE this to the world & to any one asking, I will mail the greatest book of its kind ever published, entitled "THE COW-BOY HERBALIST," absolutely free. If you are not enjoying ALL the blessings of perfect health, your duty demands that you INVESTIGATE MY CLAIMS. All letters of inquiry promptly answered.

COM-CEL-SAR is the name of my great TONIC, BODY-BUILDER, composed of 16 Roots & Herbs, makes 3 full quarts of medicine, lasts about 3 months, costs only one dollar & is LEGALLY GUARANTEED to satisfy THE PURCHASER or money refunded. COM-CEL-SAR is sold BY ALL DRUGGISTS & DEALERS IN MEDICINE for the nerves, stomach, liver, kidneys, bowels, bladder & blood. A household remedy most excellent. Ask for COM-CEL-SAR; if your druggist hasn't got it or won't get it, I WILL FILL YOUR ORDERS POSTAGE PAID.

CHARLIE WHITEMOON'S SCIENCE SOPE is made of PURE VEGETABLE OILS FOR HUMAN SKIN ONLY, guaranteed to satisfy or money refunded. 10c or 3 bars 25c at all dealers, Retail, who are supplied thru all wholesale dealers.

Attended Picnic for Orphans.

Judge E. B. January went to Lexington, yesterday, to act as one of the managers of the picnic given to the children of the Odd Fellows' Widows and Orphans Home. Judge January, a member of the Board of Control and attended the outing with other officers of the Home, in that capacity. The picnic was held at the Blue Grass Park between Lexington and Versailles.

Preserving Time.

Let us fill your order for Mason Jars and Tin Cans. The prices are right.
2-t LAVIN & CONNELL.

Bourbon Entries.

Among the entries of horses at the Blue Grass Fair at Lexington next week will be the following exhibitors from Bourbon county: W. E. Speakes & Bro., Collins & Radmon, McCray Bros., Catesby Woodford, E. K. and E. M. Thomas, Tom Jones & Son and A. S. Jones. A. P. Adair & Son have entries in the swine department.

Bourbon Fair Catalogues.

The News has on hand a supply of the Bourbon Fair catalogues for the sixty-fifth annual exhibition, to be held here Sept. 3-7, inclusive. The catalogues are for distribution, and can be had by calling at this office.

No Pensions Until November.

From the fact that the Pension Board has not passed on any of the applications of the Confederate Veterans for pensions under the law created at last legislature, payments are likely to be deferred until the first of November. This fact became known Tuesday when a prominent ex-Confederate soldier made inquiry at the Pension Office in Frankfort.

Double-Header Sunday.

The Lawmakers will be the attraction at White Park tomorrow afternoon, and the Farmers will be here Sunday for a double header with the locals. The Bourbonites have been putting up an excellent article of ball since the opening of the last month in the Blue Grass League and have won eight out of the last eleven games played. The first game Sunday will be called at 2 o'clock.

Premiums at Winchester.

At the Winchester Hotel Fair Wednesday, Collins & Radmon, of North Middletown, took first premium in the harness stallion class with Mingo Chief and were second in the combined class with Foxey Phil. In this class their entry was defeated for first premium by Melvin 1 belonging to McCray Bros., of the same place. Melvin was also first in the harness mare and gelding class.

PERSONAL MENTION.

—Mr. and Mrs. Jesse Ellis are visiting friends in Cynthiana.

—Miss Marie Talbott is visiting Miss Eleanor Tevis, in Danville.

—Mrs. Harry Simon left Wednesday for a business trip to New York.

—Dr. J. C. Clarke is in Salem, Va., guest of his daughter, Mrs. Meredith.

—Mr. Frederick Wallace left Wednesday for a business trip to New York.

—Attorney Ray Mann, of Louisville, is here on a visit to his mother, Mrs. Russell Mann.

—Mr. Henry Lilleston, of Kansas City, Mo., is the guest of his mother, Mrs. S. Lilleston.

—Mrs. Swift Champ is recuperating at French Lick Springs after an illness of several weeks.

—Mrs. John Gruber, of Louisville, is the guest of her aunt, Mrs. William Hukill, in this city.

—Misses Etha VanArsdale and Katherine Thompson left yesterday for a trip through the East.

—Mr. Joe Varden has returned from Olympian Springs, where he has been for a two weeks' stay.

—Rev. and Mrs. E. M. Lightfoot have gone to Henderson, N. C. to remain about three weeks.

—Mr. and Mrs. Harry Bosley, of Danville, are guests of Mr. and Mrs. W. B. Ardery, in this city.

—Mrs. Catesby Woodford entertained the six-hand euchre club at her home yesterday afternoon.

—Mrs. Jas. Ferguson, Mrs. Susie Pigg and Mrs. J. H. Butler have returned from Olympian Springs.

—Mrs. Everett Peterson and her guest, Miss Peterson, of Midway, were visitors in Cincinnati Wednesday.

—Miss Lena Letton, of Millersburg, is the guest of Mr. and Mrs. Forest Letton, at their home in this city.

—Mrs. Joseph Berry, who has been the guest of Mrs. F. P. Lowry, has returned to her home at Fort Thomas.

—Miss Rebecca Redmon has returned from a delightful visit to friends on Lookout Mountain and Chattanooga.

—Mr. J. M. Smelser left yesterday morning for a visit to his parents, Mr. and Mrs. N. F. Smelser, at Abington, Va.

—Messrs. Aaron Smedley and Thomas Smith, of Hutchison, have gone to Swango Springs for a ten-days' stay.

—Miss Ella Joplin has returned from a trip to Michigan, and is with her sister, Mrs. W. T. Brooks, on Duncan avenue.

—Mr. and Mrs. Frank Farmer, of Danville, are guests of Mrs. Farmer's parents, Mr. and Mrs. James Earlywine.

—Mr. and Mrs. J. D. Booth left Tuesday for a pleasure trip to Yellowstone Park and other points in the West.

—Mrs. John Smart, who sustained a broken shoulder, as the result of a fall at the Baptist picnic last week, is improving.

—Mr. and Mrs. J. N. Thomas, of Roslyn, N. Y., who has been visiting General and Mrs. Louis Mussion, have returned to their home.

—Mr. E. M. Dickson and Mrs. Durand Whipple and son, Emmett Dickson, have returned from a visit to relatives in Richmond.

—Mr. and Mrs. Joseph Myall, of Washington, Ia., and Mrs. David Kinney, of Bourbon, were guests Tuesday of Mr. and Mrs. Nathan Goodman.

—General Louis Mussion has gone to Ripley, Ohio, to visit relatives during the "Home Coming," which is being held this week in connection with the fair.

—Mr. Lyons Board, who has been at Lagrange for several months, is at home for a short visit. Mr. Board is enroute to Middlesboro, to accept a position in that city.

—Mr. Edward Pritchard has returned from Mt. Clemens, Mich., where with his mother he has been spending several weeks. Mrs. Pritchard will return in about two weeks.

—Miss Sue Ford Offutt, Miss Martha Ferguson and Messrs. Will Kenney Ferguson and Hugh Ferguson, of Paris, motored to Shelbyville Tuesday night where they attended a dance.

—Mrs. A. J. Winters has returned from a protracted visit to relatives in Kansas City, Mo. Master Barnett Winters, who accompanied her, is visiting relatives in Eminence before returning home.

—Mrs. R. J. Neely, Mrs. Mary Webb and Mrs. Newton Mitchell attended the funeral of Miss Rout, in Versailles Tuesday. Miss Rout was a relative of Mrs. E. H. Rutherford, formerly of Paris.

—Mr. Brice Steele who was taken to the St. Joseph Hospital in Lexington Sunday, suffering with an attack of appendicitis does not improve, and his condition at present is such as to prevent an operation.

—The Georgetown News says "Miss May Mangel entertained Friday evening with a beautiful dance in honor of her cousins, Misses Essie and Goldie Saloshin, of Paris. The occasion was a social affair, and the guests were beautifully lighted with Japanese lanterns and the huge columns were draped with green foliage. The guests were received by Miss Marzolen, the charming hostess, who wore blue chiffon over satin. Miss Essie Saloshin who was attractive in yellow charmeuse over satin and Miss Goldie Saloshin, who was charmingly gowned in pink chiffon, trimmed in pearls. Punch was served during the evening and was gratefully presided over by Mrs. Gus Marzolen, mother of the hostess, who wore black crepe de metecr. The music was furnished by the Georgetown orchestra. About 75 guests were present. Among them were a number of out of town guests."

C. J. McLearn Succumbs to Illness.

After months of patient suffering, Mr. Clifton Jefferson McLearn passed away at his apartments in the Robeson Building, Wednesday evening at 7 o'clock. Mr. McLearn was a victim of uraemic poisoning which was brought on by acute Bright's disease and he has been a great sufferer from a disease of the heart.

Since last February he has been confined to his room almost constantly with the exception of a short period in which he sought the curative powers of several watering places in Kentucky, but without any benefit to the dreadful disease which was the direct cause of his death.

During his illness he has had every attention within the power of medical skill and his devoted wife has been constantly at his bedside administering to his every desire. All efforts to relieve his suffering was without result and for the past two or three weeks his demise has been momentarily expected.

Mr. McLearn, who was aged sixty years, was a native of Virginia, being born in Fluzanna county, Virginia. He came to Kentucky twenty-two years ago and since his residence in this State has been constantly engaged in the hotel business and was probably one of the best-known and most popular hotel proprietors in Kentucky, Tennessee and Virginia.

When he located in this State he opened and conducted a hotel at Owensboro, which he managed for a short time and moved to London, Ky., where he engaged in the same business for ten years before he came to Paris and assumed charge of the Windsor Hotel, the management of which he conducted with marked success for about nine years before he retired from the business on account of failing health. At the time of his death he was the owner of a hotel in Bristol, Tenn., but which was leased and conducted by other parties.

Mr. McLearn was united in marriage in 1877 to Miss Anna Slocum, daughter of Dr. I. D. and Mary Slocum. Two daughters were born to this union, one dying in infancy and the second passed away at the age of five years, and before they located in this State. He was a devoted member of the Baptist church and so long as his health permitted was a regular attendant upon all of the services, and with his devoted wife, was actively engaged in church work.

During his illness Mrs. McLearn has been constantly attending and giving him every care and attention. While realizing the end was not far distant she withstood wonderfully the strain of constant watching to the last moment. She has the sympathy of a large circle of friends in her sad bereavement.

Besides his wife, Mr. McLearn is survived by two brothers, Messrs. James and Ebenezer McLearn, of Virginia, the latter being at the bedside when the end came.

The funeral will be held at the Baptist Church by Rev. E. M. Lightfoot and Rev. G. W. Clark, Friday afternoon at 3:30 o'clock. Burial in Paris cemetery.

Active pall bearers: Dr. D. S. Henry, S. E. Bedford, J. B. Burnett, Charlton Alexander, James McClure, Denis Dundon.

Honorary Pall-bearers: Chas. Stephens, Wm. H. Clark, John Larue, Douglas Thomas, J. T. Martin, J. H. Brent, Swift Champ, J. Smith Clark, Nathan Bayless, Sr., Dr. C. J. Clarke, A. J. Winters.

RELIGIOUS.

—The Union services of the young people societies will be held at the Baptist Church Sunday evening at 6:45 o'clock. The Christian Endeavor subject will be used, which is: "God's Beautiful Outdoors: What it Teaches Me." Mr. Denis Snapp, President of the Epworth League, of the Methodist Church, will conduct the services.

—There will be no services at the Presbyterian Church Sunday. The pastor, Rev. Dr. Shive, will be absent, attending Conference at Montreat, N. C., as the representative of the Presbytery of Kentucky.

Insure with W. O. Hinton. Prompt paying non-union companies. tf

Clary Will Probated.

The will of the late F. P. Clary, of Cynthiana, was probated in the Harrison County Court last week. The estate is bequeathed to his wife and son, Howe Clary, share and share alike. The will was made in December, 1906. Mr. Clary, who died recently in Cynthiana, was a brother of Mrs. J. D. Burnaugh, of Paris.

Book Bargains.

We have just received a complete line of standard fiction. Some of the best novels by the best authors now on display in our window. These books are offered while they last at the special price of 50 cents each. 6-tf. PARIS BOOK CO.

Buys Winchester Hotel Fixtures.

Mr. J. Smith Clark, of Millersburg, has purchased from Mr. W. A. Davidson, the furniture and fixtures in the St. George Hotel, in Winchester, and will succeed to the management of the hotel Thursday, August 15. Mr. Clark will refurbish the hotel and make a number of improvements. For some time he has been engaged in the hotel business in Louisville, where he located after giving up the management of the Windsor Hotel in this city. Mr. Clark has been in the hotel business for twelve years and is thoroughly experienced in all departments.

DEATHS.

—The body of LeRoy Frazier, of Winchester, who committed suicide in Hamilton, O., Saturday by drinking carbolic acid, was buried Tuesday morning at North Middletown. Insanity over religion is thought to have prompted the man to end his life.

MATRIMONIAL.

CATES—PENDLETON.

—The marriage of Mr. Spears Pendleton, of this city, to Miss Myrtle Cates, of Berea, will be solemnized Tuesday, August 15, at the residence of the officiating minister, Rev. W. E. Ellis. The bridegroom is the son of Mr. and Mrs. Isaac Pendleton, and is a popular and industrious young man. Miss Cates is the daughter of Mr. and Mrs. William Cates, of Berea, and is an attractive young woman.

Protect your growing tobacco with Hail Insurance. THOMAS & WOODFORD.

Compliment to Paris Girl.

Mrs. Alexander B. White, of Knoxville, Tenn., President General of the United Daughters of the Confederacy, has extended an invitation to Miss Marie Dudley Talbott, the attractive daughter of Mr. and Mrs. W. C. Talbott, of Paris, to act as page representing Kentucky at the National Convention of the organization to be held in Washington, D. C., in November. Mrs. Talbott, mother of the young lady who has been honored by the invitation, has for a number of years been prominent in the circles of the United Daughters of the Confederacy, having held the office of State President of the organization, and at present is president of Richard Hawes Chapter, of this city.

DR. DOLLE'S MESSAGE TO MEN
YOU CAN BE CURED BY

Why Take Treatment That Is Doing You No Good, When a Few Days under the care of Dr. Dolle Will Show You How Easy It Is to Cure These Diseases When the Proper Treatment Is Administered.

Have you treated for months and years, and been disappointed until you think that you can't be cured? You are not alone, all this time have been treated by inexperienced doctors who had neither sufficient knowledge nor experience to know how to cure you.

These are the diseases of which I have cured so many, justly giving me the reputation for a man of which I am so proud.

Blood Diseases, Skin Diseases
I will give you treatment that will in a few days cure all rash, spots and every skin eruption. My treatment gets the poison out of the system instead of driving it in like ordinary treatments. Four blood diseases and skin diseases so they cannot come back.

Varicella, causing itching or pain in groin or back, Nervousness, Weakness, Loss of Vitality, Lack of Ambition—

My one-treatment cure is what you should have and what you will have to have to be cured right. Only one visit is required. I do not cut and you suffer no pain or trouble. All signs disappear in a few days.

Nervous Troubles, Lost Vitality
My combined treatment for these troubles so common among those who have become weak and worn out, who have caused it by idly, dissipation and excesses, is remarkably good. No one believes how quickly it benefits until they have taken it.

It overcomes weakness, nervousness, pain in back, lack of energy, ambition and strength—it's just the treatment I have found so effective in treating such diseases.

Kidney and Bladder Troubles
are scientifically cured by me. My methods immediately benefit you, and the majority of cases come from physicians and specialists who failed.

Piles, Fistulae—I can cure you so quickly and easily that you will be surprised. I will give you just the result and cure you are looking for without a surgical operation.

Acute Diseases—Itching, Burning
remedies seldom cure. My treatment stops every symptom and cures in a few days. It is scientific—that's the only sure way to be cured so it will not come back.

You can take my Treatment without a cent and pay me after I cure you. I know that I can give you new life, new hope, and can restore you back to health and happiness. I know that every man will pay after I have eliminated every trace of disease from his system. Microscopic and analytical urinalysis FREE. I have written a book that ought to be in the hands of every suffering man in this country. I will send you a copy, free, if you will write me at once the disease for which you desire treatment.

Hours, 9 to 4: Sunday, 9 to 2 p. m. Evenings, 7 to 8 o'clock. Monday, Wednesday and Saturday nights

Over Columbia Theater 225 Walnut St., between Fifth and Sixth Streets.

Office easy to find, as all that is necessary is to ask for the Columbia Theater, and any one can tell you this.

FREE SHOWS WILL
BE OF HIGH CLASS

Enormous Expenditures for Attractions At Kentucky State Fair September 9 to 14

THE FAMOUS LIBERATI BAND

Will Be Star Offering in This Line—Amusements Provided for Both Day and Night—Autos Will Loop the Loop in Mid-Air.

Two things that are essential to the success of an educational and amusement institution, according to J. W. Newman, Commissioner of Agriculture, and James L. Dent, Secretary of the Kentucky State Fair, are inducements to draw exhibitors and attractions to draw the public. With this idea in view, the officials have set out to make it profitable to both exhibitors and patrons, and to that end nothing has been left undone that might add to the drawing features both from the standpoint of exhibitors and also from the public generally. Rich prizes have been named by the management to insure the greatest display of exhibits ever seen in any section of the south or west, more than \$30,000 to be distributed to the successful exhibitors in the various departments.

As an evidence of their faith in the people of Kentucky to patronize an institution such as the State Fair has become, Commissioner Newman and Secretary Dent have gone to great expense in securing the greatest line of amusements ever provided for the people of Kentucky or the South. Liberati and his famous band, one of the greatest musical organizations in the country, composed of forty-two musicians and six soloists, has been secured at a big expense, and the music-loving public who attend the fair this year will have no complaint to register on this score. This noted organization will be heard in concert each afternoon and night in the big pavilion. For those of the visitors who would rather patronize the racing feature of the fair than the horse show, the management has secured another noted musical organization in the famous Day and Scally band, of Louisville, which will furnish the music at the race track on the grounds each afternoon during the week.

For the free attractions for each afternoon and evening the management has provided some of the most sensational acts ever presented to the public. Who in this section of the country has ever witnessed automobiles passing through the air at a height of sixty-five feet? For the first time in the South or Middle West, and one of the few times in this country, such an exhibition will be witnessed at the State Fair this year when every afternoon at 2 o'clock and each night at 8:30 o'clock two 1,200-pound machines will loop the loop from a tower at a height of sixty-five feet. This is regarded as the most sensational act ever contrived by the human mind, and just as often as it is attempted, just that often the exhibitors daily with death in mid-air.

At no time during the entire day will there be a dull minute for visitors, it being the aim of the management to provide such a line of attractions in addition to the regular line of exhibits that visitors for one day only can leave for their homes the same night, expressing the belief that they have been well repaid for the time and money spent in coming to Louisville for the one day. In order to please the one-day visitor the management has looked well to the day-light attractions, and the big \$100,000 livestock pavilion will be the scene of much activity from early morning until late in the afternoon. Among the exhibits to be seen in the pavilion will be the horse show, which will be given from 10 o'clock each morning until 4 o'clock each afternoon, permitting visitors to see the last ring of the day and get to the depots in time to catch their trains for home, none of which leave the city earlier than 4:30 o'clock.

This great exhibition of livestock in the pavilion, coupled with the races and open-air attractions in front of the grand stand each afternoon, makes the free attractions the biggest and best ever presented to the people in this section of the country.

MODEL SILO AT STATE FAIR

A model concrete silo has been constructed at the State Fair and will be in readiness by the time the great event opens in September. It is proposed to have it filled with corn, ensilage, sorghum and other green feeds, thus affording students of agriculture, farmers, stockmen and all others interested an opportunity of seeing in operation one of the greatest feed-saving and nourish-preserving devices ever used on the farm. It is a beauty in construction, and is in keeping with the dignity and rich appearance of all the permanent buildings on the grounds.

HOW TO MOVE LARGE TREES

Process Now Made Possible Through Contrivance Attached to Ordinary Wagon.

The moving of large trees is now made possible through a single contrivance which may be attached to the running gear of an ordinary wagon. The tree can be raised to any desired angle and retained there, by means of the endless chains on the cog-wheels

Moving Large Trees.

In the upper part of the frame-work and their connections with the block and tackle below. The old-fashioned guy ropes, usually fastened to the head of the tree, are discarded, as they have frequently proved to be injurious by disconnecting or loosening the roots from the ball of earth.

In order to get the wagon directly over the ball of the tree, and also over the hole where the tree is to be replanted, the rear axle of the wagon is removed, and the back of the truss or elevated framework upon which the tree is suspended keeps this part of the wagon together at any width required. To prevent damage to grass areas, wide tires are used. In the case illustrated, 14-inch tires were used on the rear wheels.

CULTIVATION OF PEACH TREE

Thorough Culture Kills Weeds and Forms Mulch Conserving Much of the Soil Moisture.

It is very essential to take the very best possible care of the young trees. They should be kept thrifty and healthy, and all the necessary care given them to conserve the moisture and plant food in the soil.

Early in the spring, as soon as the soil will permit, it should be stirred six to eight inches deep; thus if the trees have been planted as deeply as they should, plowing this depth will cause them to produce a deep root system which will not be injured as quickly by freezing or drought. After this plowing the fertilizer should be applied and worked with a disk harrow or cultivator.

Frequent cultivations should be given with the cultivator or disk harrow, running deep enough to form a good soil mulch and prevent subsequent baking or crusting of the surface and prevent loss of soil moisture by evaporation. Thorough culture kills all the weeds, which are a constant drain on the soil moisture and plant food and also assists in decomposing and liberating any plant food which may have been turned under.

USEFUL AS HEDGE TRIMMER

Implement Easily Put Together by Using Several Blades Attached to a Wooden Handle.

Hedge cutting or trimming with a sickle or with hand snips is very slow and tedious work. As I had considerable hedge to take care of, says a writer in Popular Mechanics, I made a trimmer with several sets of blades

A Hedge Trimmer.

similar to a regular trimmer. The blades were attached to a wood handle and operated with a wood lever as shown in the sketch. The operation is the same as when using the regular hedge trimmer.

Learn to Graft.

Why not urge the boys to experiment in grafting different kinds of fruit trees? Dig up some small fruit trees, such as plum, cherry, apple or peach. Some of which can be raised by planting the seed. The plum and cherry trees can be found almost any time where the sprouts come from the old tree. Then get some limbs from a tree of the same kind and of a choice variety and bury them all in a box of dry dirt in the cellar. At any time during the winter or spring graft them and put them back in the dirt till time to plant out.

Care of Fruit Trees.

Look well to the little fruit trees set out this spring. See that they do not suffer from lack of water. When trees need water pull the soil away from around the roots, give each tree a pailful, and, after it soaks in, replace the earth.

RACE PROGRAM
IS VERY STRONG

This Department of State Fair Under L. B. Shropshire Promises Big Interest.

THE SIX BIG STAKE EVENTS

Six Purse Events, Six Running Races, Gentlemen's Cup Race and Lady's Cup Race Among Star Features of Program.

From a racing standpoint, patrons of the Kentucky State Fair, the week of September 9-14, will be well provided for, as the program, which has been arranged by L. B. Shropshire, assistant secretary of the fair, is one of the best seen in Kentucky in years. He has arranged for six stake events for trotters and pacers, valued at \$600 each, and, in addition, he has provided for six running races, one for each day of the fair, and a Gentlemen's Cup race and a Gentlemen's Riding race, the last-named two to be decided the closing day of the fair. Among the stake races will be one for two-year-old trotters, one for three-year-old trotters, one each for 2:13 trotters, 2:25 trotters, 2:13 pacers and 2:25 pacers. The purse events will consist of one each for free-for-all trotters, 2:18 trotters, 2:15 trotters, 2:20 trotters, 2:12 pacers, 2:17 pacers and one for free-for-all pacers.

During the past two years the racing feature of the fair has proved one of the most interesting of any attraction provided by the management, and because of that fact it became apparent to Secretary J. L. Dent that better facilities would have to be provided for caring for the patrons of that particular feature. With this idea in view, the very first contract entered into by Commissioner Newman and Secretary Dent was with contractors for the enlargement of the grand stand, and when the gates are thrown open the morning of September 9 just twice as many people will be cared for in the race track section of the grounds as formerly. The new addition to the grand stand will be of re-enforced concrete, similar in every respect to the original part of the big stand, making it one of the largest as well as one of the most substantial grand stands in the country. Here can gather thousands of Kentuckians to renew old acquaintances as well as to witness the sport that is dearest to the heart of every native born son and daughter of the old Commonwealth. Unlike many of the race tracks of the country where trotting and running races are operated simply for the benefit of the track owners, the sport furnished at the State Fair can readily be designated as that of the "King of Sports" as the management of the fair has no idea of reaping any reward except that which comes from a good word passed around by its patrons. Therefore all races are decided strictly on their merits and in each instance the best horse wins. That some of the best horses in training on the tracks of Kentucky and other states will participate in the trotting and pacing events on the program this year is demonstrated by the fact that already owners have applied for stable room for the week and have made numerous entries to the stake events.

Under the arrangements provided by Assistant Secretary Shropshire one stake event and one purse race will be decided each afternoon during the week, in addition to which will be one running race each day. As all events for trotters and pacers, with the exception of the two-year-old events, will be three in five heat affairs it is needless to say that each afternoon will be crowded full of good sport for the fair patrons.

NEW JUDGING PAVILION

At the Kentucky State Fair, Louisville, September 9 to 14, Inclusive.

A great improvement over former years, in the method of handling exhibits at the Kentucky State Fair, is the erection of a new pavilion for the judging of live stock. In this building all swine, sheep and goats will be judged. It will also be used for the Student's and Farm Boy's Judging Contest.

One side of the building will be fitted for swine and sheep judging arena, and the other for the Student Judging. In this way the public will have an opportunity of seeing and comparing exhibits in these departments with the same degree of pleasure and satisfaction as those who witness the contest for honors in the horse, mule, jack and cattle rings in the magnificent Coliseum or main building.

The new building will be well lighted, fully protected from sun or inclement weather, and will have seating capacity for all interested spectators. In short, it will be a miniature State Fair within itself.

When a New Perfection Comes in at the Door Heat and Dirt Fly Out at the Window.

What would it mean to you to have heat and dirt banished from your kitchen this summer—to be free from the blazing range, free from ashes and soot?

New Perfection
Oil Cook-stove

With the New Perfection Oven, the New Perfection Stove is the most complete cooking device on the market. It is just as quick and handy, too, for washing and ironing.

STANDARD OIL COMPANY

(Incorporated in Kentucky)
Covington, Ky.; Louisville, Ky.; Atlanta, Ga.; Birmingham, Ala.; Jacksonville, Fla.

This Stove saves Time It saves Labor It saves Fuel It saves—YOU

Made with 1, 2 and 3 burners, with long, enameled, turquois-blue chimneys. Handsomely finished throughout. The 2- and 3-burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, towel racks, etc. All dealers carry the New Perfection Stove. Free Cook-Book with every stove. Cook-Book also given to anyone sending 5 cents to cover mailing cost.

SAVING TREES BY GRAFTING

Injured Parts Are Bridged by Means of Scions of Last Year's Growth—Plan Outlined.

Orchard trees which have been girdled may often be saved by what is called bridge grafting. This consists in bridging the injured parts by means of scions of the last season's growth, thus connecting the part below the wound with that above. First trim the bark around the injured parts. Then sharpen the ends of the scions to a wedge shape and fit tightly into the layer of new wood just beneath the bark, called the cambium layer. Cover the union at the end of the scions with grafting wax, completely to exclude the air. Also wrap the wound with cloth to protect it from drying out, likewise cover the wax with old muslin to keep it from being melted by the sun. If the lower edge of the wound is near enough to the ground to make it practicable to do so, it is better to cover it three or four inches deep with fresh earth.

Where the trees are very young and the girdling is severe, cutting the trunk off below the wound is probably the best treatment. The exposed part of the stub should at once be coated with grafting wax. Select the best sprout that starts and support it by tying it to a firm stake until it is stocky enough to withstand strong winds without danger of being broken off. When the sprout is well started dress the stump so that it may heal over readily. Cut the stub slanting at the base of the sprout so that it will shed water. Then cover the wound with paint made of pure white lead and raw linseed oil, to protect it from water and from disease germs. Do not spread the paint beyond the cut surface. This method should produce a tree of bearing age sooner than one could be grown from a replanted nursery tree.

To make grafting wax, melt together four parts, by weight, of resin, two parts of beeswax, and one part of beef tallow or raw linseed oil. Apply while

Methods of Bridging Over Injury to Trees.

moderately hot with a brush or dauber. A supply of the wax may be kept on hand by taking the mixture when hot and pouring it into water. When it is sufficiently cool, work with the hands until the mass assumes a buff color. Make into balls and wrap with waxed paper to prevent the balls from sticking together.

HOW TO PLANT STRAWBERRY

Best to Have Plants in Bucket Containing Water to Keep Roots in a Moist Condition.

One of the best methods of planting strawberries is to thrust a spade straight into the ground at the proper place to a depth of five or six inches, writes R. S. Sando in *Outing*, and then lean it over to one side, forcing the soil out of the way and leaving a wedge shaped hole, one wall of which is straight up and down. The roots of the plant should be spread out in a fan shape against this wall and the spade, then set in the ground about six inches farther forward, and by a backward movement of the handle firmly press the dirt against the roots of the plant. To lend additional firmness to the soil, step with one foot on either side of the plant.

The last hole made by the spade should have some soil raked into it before leaving. When setting the plants it is best to have them in a bucket containing a little water in order that the roots may be kept moist until they are planted; but it is not necessary or advisable to water plants immediately after setting them.

HORTICULTURAL NOTES

Keep the weeds out of the orchard. Fire blight attacks the pear, quince and apple.

Thinning fruit usually pays, grading fruit always does.

Put on an old mitten and get after the tent caterpillars.

Raspberries should be picked when they have turned red.

There is not a home that can afford to be without blackberries.

In growing dewberries on a large scale one of the serious problems is that of securing pickers.

As a crop for the young orchard beans come as near being the ideal as anything that can be grown.

To watch the trees and vines grow that one has planted, to provide bowers as well as fruit, is a pleasing ambition.

Get the blackberries out of the sun as soon as they are picked, or they are likely to turn red in spots and be less salable.

Leave plenty of mulch between the strawberry rows when uncovering. It helps to retain moisture, and keeps berries cleaner.

Dig out and burn blackberry or blackcap plants that are infested with red rust. There's no other way to fight this disease.

Blamed a Good Worker.
"I blamed my heart for severe distress in my left side for two years," writes W. Evans, Danville, Va., "but now I know it was indigestion as Dr. King's New Life Pills completely cured me." Best for stomach, liver and kidney troubles, constipation, headache or debility. 25c. at Oberdorfer's.

The Writer Who Does Most.
That writer does the most who gives his reader the most knowledge and takes from him the least time.—C. C. Colton.

FLANDERS

Automobiles

EMF

Two Models

You Want the Best— Not the Cheapest

Flanders "20" Roadster, \$750

Don't be alarmed if somebody tells you you can buy an automobile for less money than the \$750 Studebaker-Flanders "20." You can, but you better not. The Flanders "20" corresponds point by point with the best and highest priced cars sold. Cheaper cars at every vital point are built on ideas long ago discarded for good cars. Don't take our word for it. Make comparisons and see.

The Studebaker-Flanders "20" is a marvel—a high grade modern car at a low price. If you pay less you buy much less. And the cheaper car today will cost you far more in the long run. The competing car isn't sold which the Studebaker Corporation, the greatest automobile manufacturers in the world, couldn't reproduce for less money; but we won't build a cheap car, because the name "Studebaker" means the best for your money.

If you are content with a car that runs today and dies tomorrow, don't buy the \$750 Flanders "20." It will wear for years. Remember this—the Studebaker-Flanders "20" will outwear 2 to 1 any other car under \$1100 and give you double satisfaction, confidence and comfort into the bargain.

We can prove it—Send for new catalogue

MILLERSBURG ITEMS.

One of the prettiest home morning weddings witnessed in this community was that of Miss Mary Ida Fisher, of Headquarters, to Prof. Thomas Smith, of Bristol, Tenn. The wedding took place at 7 o'clock Tuesday morning at the home of the bride. The parlor where the ceremony was performed was beautifully decorated in nasturtiums, banked with evergreens and potted plants.

At the appointed time, under the beautiful strains of the bridal chorus from Lohengrin, rendered by Miss Mary Frances Veach, of Carlisle, cousin of the bride, the wedding party then entered in the following order: Master Otho Gaffin and little Miss Katherine Taylor, both of Cynthia, ribbon bearers, Master Griffin being a nephew of the bride. Little Miss Frances Elizabeth Veach, cousin of the bride, of Carlisle, ring bearer, followed by Miss Ethel Veach Fisher, sister of the bride, gowning in white marquisette, over white messaline, carrying pink roses, the bridal couple entering last, the bride handsomely gowning in white marquisette, over satin, with white roses.

The group was met by Rev. Elder, pastor of the Carlisle Christian Church who in the beautiful and appropriate ring ceremony, pronounced them man and wife. Soft music was rendered during the services, at the close of which Mendelssohn wedding march was played. After congratulations, Mrs. Smith donned her traveling suit of tailor made whipcord, with hat and shoes to match. Prof. and Mrs. Smith then took an automobile to Cynthia, where they took the noonday train for Cincinnati, from whence to visit many points of interest in the East.

The bride is the accomplished daughter of Dr. and Mrs. Fisher. She is a beautiful and accomplished young lady with superior education and has many friends throughout this and many other States. Dr. Fisher is a physician and a prominent Mason, being one of the Masonic lecturers of Kentucky. Prof. Smith occupies the chair of Science at Kings College, Bristol, Tenn., and is prominent in educational circles. The couple were the recipients of many useful and handsome wedding gifts, and friends everywhere are extending congratulations.

Mr. Raymond Taylor is ill at his home here.

Mr. and Mrs. G. F. Jones are enjoying a two weeks' outing in Michigan.

Mrs. J. F. Austin, of St. Louis, Mo., is the guest of Mrs. Joel W. Mock.

Mrs. Thomas Bosworth and daughter, of Lexington, are guests of Mrs. C. B. Layson.

Mrs. Mattie Hawes and son, Albert Hawes, left yesterday for a visit to relatives at Cincinnati.

Dr. G. R. Deans and family left Tuesday in their automobile for a visit to relatives in New York.

Miss Minnie Monroe has returned to her home at Savannah, Ga., after a visit to Miss Ethel Fisher.

Mr. C. H. Cooper left for his home at Maysville yesterday, after a visit to his daughter, Mrs. Aaron McConnell.

Dr. Dailey, who recently purchased the Barbee farm, has leased the same for one year to Mr. Luther Ashcraft.

Mr. and Mrs. Aaron McConnell left yesterday on their motorcycle for a visit to Mr. and Mrs. L. E. Wagner, at Continental, O.

Mrs. J. J. Peed and daughter, Miss Carrie, Mrs. A. T. Moffitt and Miss Nannie Clarke are in attendance at the Bracken Association of the Baptist Church at Carlisle.

Miss Agnes Waddell entertained a number of young friends Thursday evening from eight to twelve, the evening being delightfully spent. Ice cream and cake was served.

Mack King, Sam Chevis, Charley Smith and George Hillman, all colored, were arranged before, Squire Thompson, Sunday morning, charged with crap shooting on Sunday, near the slaughter house, each being fined \$25 and costs.

Owing to an overstock of buggies, carriages, and run-a-bouts and break carts, we are offering them at very low prices. If you are thinking of buying anything of the kind either this fall or next spring you can well afford to call and see our stock and get our prices. We carry nothing but first class guaranteed work.

PEALE COLLIER & CO.

Why Money Is Cheap.

"I want you to tell me what this paper means when it says in its market report that money is cheap," said Mrs. McFee to her husband, who, like all husbands, is supposed to be encyclopedic. McFee laid down the sporting sheet. "It's simply putting in a briefer form the statements that money talks," he replied, "and that talk is cheap."—Judge's Library.

Shocking Sounds

In the earth are sometimes heard before a terrible earthquake, that warn of the coming peril. Nature's warnings are kind. That dull pain or ache in the back warns you the kidneys need attention. If you would escape those dangerous maladies, Dropsy, Diabetes or Bright's disease take Electric Bitters at once and see backache fly and all your best feelings return. "My son received great benefit from their use for kidney and bladder trouble," writes Peter Bondy, South Rockwood, Mich. "It is certainly a great kidney medicine." Try it. 50 cents at Oberdoffer's.

World's Debt to Writers.

It was a French news writer that wrote: "Suffer yourselves to be hanged if need be, but publish your opinions;" but in this country writers in early times faced imprisonment and the pillory again and again in order to make their views public, and whatever these may have been, it must be conceded that they deserve credit for courage, at least, in having laid the foundation of that freedom which the press of this country enjoys.—London Globe.

Paris Defeats Lawmakers 2 to 1.

In a close game at White Park yesterday afternoon Paris won from the Lawmakers by a score of 2 to 1, sending to defeat again the big league aspirant, Cramer. The contest was thoroughly interesting throughout and an error in the second inning followed by Lock stealing home, cost the visitors the game.

Monroe was on the rubber for Paris and after it became apparent in the fourth session that the league leaders were getting to his slants Applegate was sent to the knob and for the remainder of the game held his opponents with two hits.

The Bourbonites put up a splendid exhibition and three errors chalked up against them were not costly only in one instance. Cramer held the locals to five hits, while the same number went against Monroe in the four rounds he was on the slab. The Paris team will go to Frankfort today and returning tomorrow, will again attempt to trim the league leaders. A double bill will be the feature Sunday with the Pioneers.

TUESDAY.

Paris broke even with the Rivermen in the double header in Mayville Tuesday afternoon, winning the first, a ten-inning contest by a score of 4 to 2, and losing the second 3 to 0. Hauser was on the mound for Paris in the opening event while Applegate pitched in the second. Vance who has heretofore been a puzzle to the locals was hit hard and frequently, and the Bourbonites outthrew their opponents in the second game, but Beer's effectiveness kept them from scoring. The Paris team played through both games without an error.

WEDNESDAY.

Paris yielded both games of the double header to Mayville Wednesday afternoon. The first game stood 4 to 1, while the second was 8 to 2. Dunlap was on the mound for Paris in the first game and was hit at the time when safeties counted. Monroe went for the first two innings in the second game when he was yanked and Lock finished the contest. The Rivermen were never in danger of defeat in either of the contests.

Hauser May Go To Big League.

Jimmy Hauser, the star twirler of the Bourbonite aggregation has attracted the attention of one of the big league clubs by his excellent work during the present season and the result is that a scout will be here in a few days to look the promising youngster over.

During the past month Hauser has been in rare form in his performance on the mound and in the last seven games he has pitched he has come out the victor. During the season Hauser has pitched in 32 games winning eighteen and losing eleven while in the remaining three he was sent in after the game was lost.

It is also said the scout who will visit Paris will look over first baseman Mollenkamp who has created quite a sensation and won for himself the credit of being the best initial sacker in the league. While it cannot be said definitely which of the National League clubs has been watching the Paris Players but it is believed to be St. Louis.

As the drafting season opens on August 15 it is probable if Hauser's work will warrant his being taken over by the big league club he will be purchased before that time.

A vast amount of ill health is due to impaired indigestion. When the stomach fails to perform its functions properly the whole system becomes deranged. A few doses of Chamberlain's Tablets is all you need. They will strengthen your digestion, invigorate your liver, and regulate your bowels, entirely doing away with that miserable feeling due to faulty digestion. Try it. Many others have been permanently cured—why not you? For sale by all dealers.

Beauty of the Drama.

I think I love and reverence all arts equally, only putting my own just above the others; because in it I recognize the union and culmination of my own. To me it seems as if when God conceived the world, that was poetry; he formed it, and that was Scripture; he colored it, and that was painting; he peopled it with living beings, and that was the grand, divine, eternal drama.—Charlotte Cushman.

He Won't Limp Now.

No more limping for Tom Moore, of Cochran, Ga. "I had a bad sore on my instep that nothing seemed to help till I used Bucklen's Arnica Salve," he writes, "but this wonderful healer soon cured me." Heals old running sores, ulcers, boils, burns, cuts, bruises, eczema or piles. Try it. Only 25c at Oberdoffer's.

No Exaggeration.

"Speed?" retorted the demonstrator, when Jinks asked if the car was going fast. "Speed? Why, let me tell you something. If you started out in a gale of wind blowin' sixty miles an hour, and goin' with it, this car's so fast it'll blow it in your face."—Harper's Weekly.

Generally.

Visitor—"How do you get along with your rival town, Bungville?" Native—"Same as all rival towns do. The Civic League in each town works from October to April promoting friendly relations between the two towns, and the first baseball game we play them undoes it."

And There They Stop.

"The city fathers provide soap and water for the slums, in the form of excellent schools, kindergartens, and branch libraries. And there they stop, at the curbstone of the people's life. They cleanse and discipline the children's minds, but their bodies they pitch into the gutter."—Mary Antin.

Watch It Grow!

More than 200 have Petitioned PARIS NEST

ORDER OF OWLS

for Membership. A big Class will be obligated at the K. of P. Hall
THIS EVENING AT 8 O'CLOCK P. M.

If you want to get in as a CHARTER MEMBER and have a voice in the adoption of the By-laws of the Nest, and avoid paying initiation, NOW IS YOUR CHANCE. Remember you may never have the opportunity of getting so much PROTECTION for so LITTLE MONEY. \$5.00 CHARTER FEE secures you for \$6.00 PER WEEK. Sick and Accident Benefit, \$100 DEATH BENEFIT, and Dr. J. T. Brown to attend you or any member of your family when sick. Better "Make hay while the sun shines" and get in the PARIS NEST, with a bunch of the JOLLIEST and BEST FELLOWS in Bourbon county.

Remember the Nest will be called to order this evening promptly at 8 o'clock by President Pearce Paton.

Moses R. Glenn,
State Organizer

622 Main St. With Thomas Bros. Open until 9 p. m.

Being Well Born.

The problem of being well born has appealed to philosophers and statesmen in all times. The Jews guarded the birthright in ways that are largely responsible for the virile strength of the race. The Spartans secured strong warriors, but failed to develop other qualities. Plato definitely worked out plans to secure right conditions of birth. The eugenic conscience of the Romans made them the rulers of the world.

Pleasing Epigram.

"Great talents are of no use without a little sunshine of the mind"—thus wrote Lady Shelley of her friend Lord Brougham, who suffered from chronic disgust of life.—London Times.

An Ordinance.

For The Re-Construction of
Sidewalks in the City of
Paris, Ky.

City Hall, Paris, Ky., August 8, 1912.

Whereas, a number of property owners have been heretofore ordered to reconstruct sidewalks in front of their respective property, and have failed to do so. Now, therefore,

Be it ordained by the Mayor and Board of Council of the City of Paris, Ky.,

That, the hereinafter named property owners be and they are hereby required to construct sidewalks in front of their property abutting on the street set after their names.

Said sidewalks are to be of the established width on said streets and are to be constructed of concrete according to the specifications of an Ordinance for the Construction of Sidewalks in the City of Paris, Ky., passed by the Board of Council on the 29th day of April, 1905, and recorded in the City Clerk's Office; and are to be constructed on a grade to be established by the Mayor.

The construction of said sidewalks must be completed not later than fifteen days from the publication of this ordinance. If said work is not completed by said time the City Council shall advertise for the lowest and best bid for said construction that remains to be done the same from the hereinafter named owners of the said property.

The property owners required to construct said walks under this ordinance are as follows:

J. T. HINTON, Mayor,
Attest: J. W. Hayden, Clerk.

Refrigerators; Lawn and Porch Furniture.

See my immense stock of refrigerators; every size and of best makes. My assortment of lawn porch furniture is unequalled.

A splendid line of rugs, carpets and wall paper to select from. Call and lock them over. Prices most reasonable.

J. T. HINTON.

Removed for Alleged Meddling.

The Trustees of the Kentucky State University, at a lengthy session held at Lexington Monday, set aside the contract of December, 1909, under which former President James K. Patterson, 75 years old, was retired with an allowance of \$3,000 per annum, the title of "President Emeritus," and the right to continue in the faculty and to sit with the Board of Trustees without voting.

The action, probably the most drastic in the history of the board, was taken as the only solution of a situation that had been described by President Henry S. Barker as intolerable. Dr. Patterson has been paid \$5,100 since the contract was made.

According to President Barker Dr. Patterson has been meddling with his administration to an extent that is not good for that institution. Dr. Patterson told the board that he was sorry for the breach and would be glad to see it healed, but from the trend of his remarks he wanted it healed by the continuance of the contract, and the right to have his ideas carried out. Governor James B. McCreary presided as Chairman of the Board.

Wanted Relief.

In one of the West Philadelphia hospitals a woman patient in the ward was groaning with pain. At last she called to the nurse: "O nurse, I am suffering so much; I can't stand it. Won't you please give me an epidemic?"

Reindeer Moss.

It is stated that an immense bed of the best reindeer moss has been discovered near the mouth of the Poronah river in Kamchatka. The bed extends to a distance of seventy-five miles along the coasts, has a width of over nine miles and a depth of six feet. This kind of moss is used in the manufacture of cardboard.
